VERY SOUGHT AFTER AND HARD TO OBTAIN QUALITY PIGEONS FROM THE SOUTH COAST AND ZULULAND CLUBS WILL BE AVAILABLE, YOU CAN NOT AFFORD TO LOOSE OUT ON THE OPPORTUNITY TO OBTAIN SUCH QUALITY PIGEONS.

BASIC RULES:

- It is a requirement for all FLYING members of Zululand clubs, the Port Shepstone club and the Duzi club known collectively as the Alliance Clubs to place 2 squeakers on the sale.
- Non Alliance Club members are welcome to pen up to two birds on the auction. Non Alliance Club members may also purchase birds without placing a bird on the sale.
- If 2 squeakers are placed on the sale you will be entitled to purchase 2 sale rings for R 500 for the two, cash only on the day. These rings are non transferable. Birds purchased on the auction may be placed in another members loft if that member flies in the combine and a prior arrangement and agreement has been made between the purchaser and the member who will be flying the purchased bird. Prize money will be paid to the purchaser of the pigeon, irrespective of who's loft it is raced from.
- The age of the birds: Birds may not be younger than 28 days old; if a bird is found to be younger than 28 days old it will be removed from the auction. The bird cannot be old enough that it has dropped a flight; if a flight has been dropped the bird will be removed from the auction.
- Nominations: Nominations will not be given to each bird purchased but will apply to the R 500 rings only. A nomination will only be given if the bird wearing one of the R 500 rings cannot partake in the sale race. For example, if you purchase 2 R500 sale rings and lose one or both of these birds you will be entitled to replace them and race in the nomination race for the nomination prize money. Your race sheet under nominations must provide the number of sale bird for which a nomination is being flown e.g. 'AN' (RING NUMBER OF LOST BIRD). If this is not provided the nomination pigeon will be disqualified. We need to be able to prove that the sale ring bird didn't take part in the sale race. Sales birds need to be marked as 'AS' on the race sheet. A list of all nomination bird's ring numbers must be submitted at least one week, seven calendar days, before the final race, to be checked, any numbers submitted late will be disqualified. A nomination bird can only be entered into the nomination race if a R500 ring bird was lost. Birds rung with the R500-00 rings will be entitled to participate in the main four legs of the competition as well for the grand prize.
- The sales races will take part over four races. These races will take place on the yearling races of the series from both directions. The first race will take place from Senekal on the West route, the second race from Ermelo on the North Route, the third race from Theunissen on the West route and the fourth and final race will take place from Marble Hall on the North Route. The GCA Committee reserves the right to change the race points and dates should it deem necessary. The 1st, 2nd, 3rd and 4th legs of the sale bird races will be hotspots where a prize money will be paid to the sale bird winner of each hotspot. All sale birds that are clocked will receive points. The amount of positions will be determined by the quantity of sale birds entered into the first race and will remain the same for all four races. The race will stay open and only **close when the velocity drops below 800mpm or adjusted by the Alliance Club Committee in required situations**. If the complete race is a over night, the race will stay open until the velocity drops below 450mpm. If 100 sale birds are raced in the first leg the winning bird will accrue 100 points the second bird 99 and the last bird one point. Points are carried over to the next leg on the same basis. Should a sale bird not being clocked and not score it can still race in the next race but it will carry nil points from the previous race. The sale bird that accumulates the most points over the four races will be adjudged the winner and receive 1st prize of R 40,000 . The winner of the fourth race will receive the hot spot prize of R5 000-00. The nomination prize will pay R 10 000-00 for first place on the selected race. A total of R 16,000 on the four hotspots will be paid out. Prize money will be split 80/20 to the Trainer and Breeder. If you are the trainer and breeder you take the whole amount for the respective position. Nominated birds will not compete for the hot spot prize. In 2014 the nomination race will take place from the West route namely Theunissen.

The Alliance Club Committee reserves the right to adjust prize money should the revenue collected not meet expected targets.

The prize money is calculated on budgeted targets reached.

- All birds clocked must be reported within one hour of clocking and the time may not be out by more than 5min. Further details will be given prior to the start of the races.

Members flying a North scheme only will be accommodated to fly their sale birds in the specific West Race.

All KZNRPC and SANPO rules will apply.

DAVE GILBERT

ALLIANCE SALE RACE 2014

GILBERT LOFTS in partnership with LANCE BRUIN, who flew as GILBERT & BRUIN this past year and the Alliance sale winners for 2013, which to offer the following prizes to the members of the KZNRPC who participate in the Alliance sale to be held on the 10TH November 2013 and flow over four legs during the KZNRPC yearling series of 2014:

A squeaker for each leg of the race to the person who comes **second** in each leg of the race.

Four legs = four squeakers.

*The squeakers must be **self-chosen** by the winning fancier from **ANY mated breeding pair of pigeons** from the lofts of GILBERT LOFTS or LANCE BRUIN.*

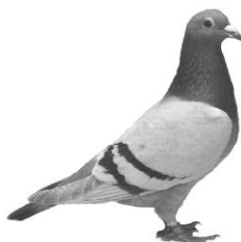

Gilbert Lofts specializes in their own blend of JANNSEN based pigeons built over 15 years which derive from the 1801 Monty V Den Burg line, Pepsi Janssen line and mixed with the original jonge Merckx Janssen cock bought directly by the late Trevor Gilbert on a sale in JHB of original imported Janssen youngsters.

The other line of pigeons kept at Lance Bruin's lofts are the direct sons and daughter lines of the legendary TOM LOCK's, accumulated by Dave and Lance on direct auctions and costing a small fortune but the returns have been worth the spend.

The results on the KZNRPC racing program over many years, numerous sale race winnings and outstanding performances at one loft races speak for themselves.

May the choice be yours !!!

Good luck.

WE WILL ALSO HAVE:

Donated by **Roley Walsh:**

1 Black Mugabe Squeecker, and

1 Squeecker out of his direct imports.

Donated by **Willy Young:**

4 Squeekers out of his top class birds.
